Med-Informatics

飛資得醫學資訊

Thieme 為一國際得獎之科學、醫學期刊出版社。出版高品質產品提供物理學家、科學家、高科技人士、學生、及一般人士參考已120年。Thieme 推廣最新的臨床治療研究、出版最新的研究發現、為醫學教育發聲。Thieme 出品之書、期刊、電子產品向以高品質與嚴謹的態度為您提供最佳的醫療刊物。

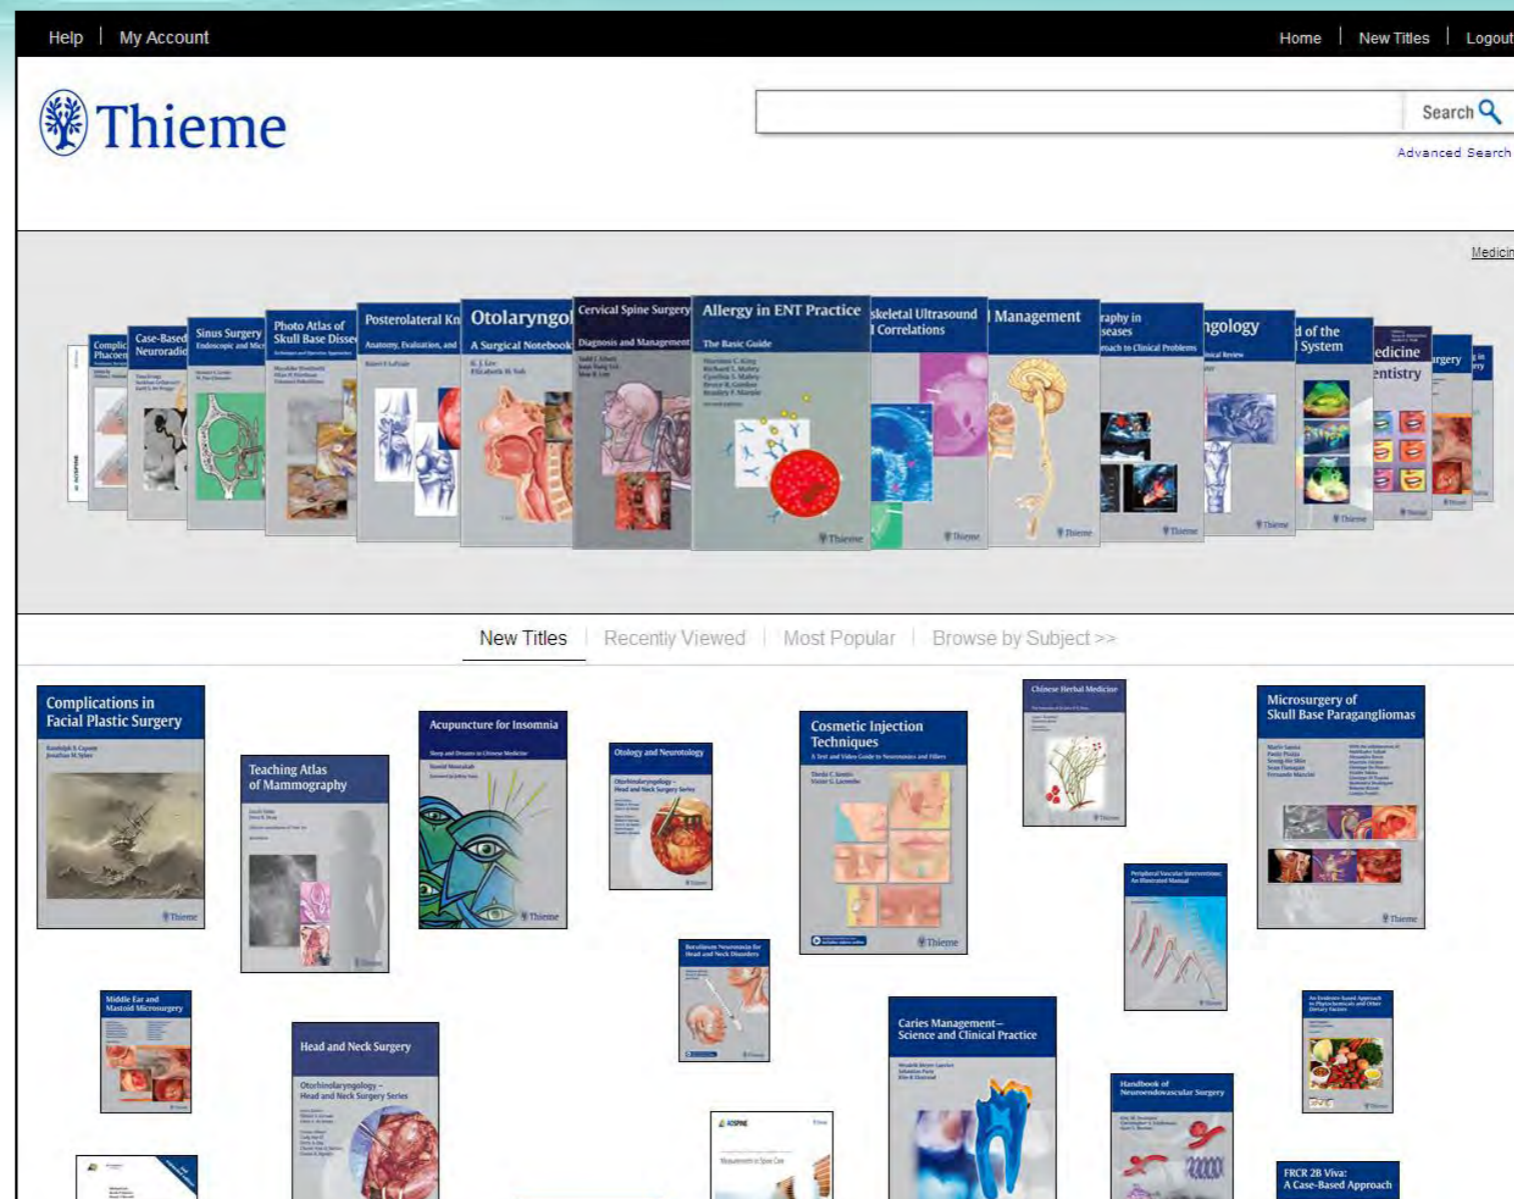

Thieme 出版超過130本的醫學和科學期刊。均有提供電子及紙本的服務。其中亦有些是代為其它基構印制之出版品、及其多家的線上產品。

Thieme 提供一廣泛與健康、科學相關的選擇。主要著重在神經外科、耳鼻喉科學、整形外科、眼科學、放射學、互補互替用藥、聽力學和語言病理學。

特色與使用說明

THIEME

The screenshot displays the Thieme website interface. At the top, there is a navigation bar with links for 'Help', 'My Account', 'Home', 'New Titles', and 'Logout'. The Thieme logo is prominently displayed on the left, and a search bar is on the right. Below the search bar, a horizontal row of book covers is shown, including titles like 'Complications in Facial Plastic Surgery', 'Teaching Atlas of Mammography', 'Acupuncture for Insomnia', 'Otolaryngology - Head and Neck Surgery Series', 'Cosmetic Injection Techniques', 'Chinese Herbal Medicine', and 'Microsurgery of Skull Base Paragangliomas'. A navigation menu below the books includes 'New Titles', 'Recently Viewed', 'Most Popular', and 'Browse by Subject >>'. The main content area below the menu displays a grid of various medical book covers, such as 'Middle Ear and Mastoid Microsurgery', 'Head and Neck Surgery', 'Otolaryngology - Head and Neck Surgery Series', 'Caries Management - Science and Clinical Practice', 'Handbook of Neuroendovascular Surgery', and 'FRCR 2B Viva: A Case-Based Approach'.

Thieme Clinical Collections被收藏於MyiLibrary之中

Minimal Surgery for Retinal Detachment

A Practical Guide to Minimal Surgery for Retinal Detachment

Written By Kreissig, Ingrid
Published By TIS in 2000

[Open Now »](#)

[Description] Dr. Kreissig has spent a lifetime refining and teaching the minimalized approach to repairing retinal detachments. In this book, you will get the benefit of her experience -- in an easily accessible, pocket-sized handbook that fits into your lab coat and is also ideal for bedside or office consultation. The book is the first hands-on guide to the "art of buckling", i.e., applying a minimum of buckling without vitrectomy for retinal reattachment. The text is ...[MORE»](#)

Minimal Surgery for Retinal Detachment

A Practical Guide to Minimal Surgery for Retinal Detachment, Volume II

Written By Kreissig, Ingrid
Published By TIS in 2000

[Open Now »](#)

[Description] Dr. Kreissig has spent a lifetime refining and teaching the minimalized approach to repairing retinal detachments. Get the benefit of her experience in an easily accessible, pocket-sized handbook that fits into your lab coat and is also ideal for bedside or office consultation. Volume 2 describes the "art of a minimal approach" by using the balloon or the gases or as reoperation, as treatment for various retinal detachments. The text is excellently illustrated, written in ...[MORE»](#)

Abdominal Ultrasound: Step by Step

Abdominal Ultrasound: Step by Step

Written By Block, Berthold
Published By TIS in 2011

[Open Now »](#)

[Description] Fully master the basic principles and applications of abdominal ultrasound. Designed to be kept close at hand during an actual ultrasound examination, Abdominal Ultrasound: Step by Step, second edition, provides the tools, techniques and training to increase your knowledge and confidence in interpreting ultrasound findings. Its clear, systematic approach shows you how to recognize all important ultrasound phenomena (especially misleading artifacts), locate and delineate the upper abdominal organs, explain suspicious findings, apply clinical correlations, and ...[MORE»](#)

如何使用ebook全文

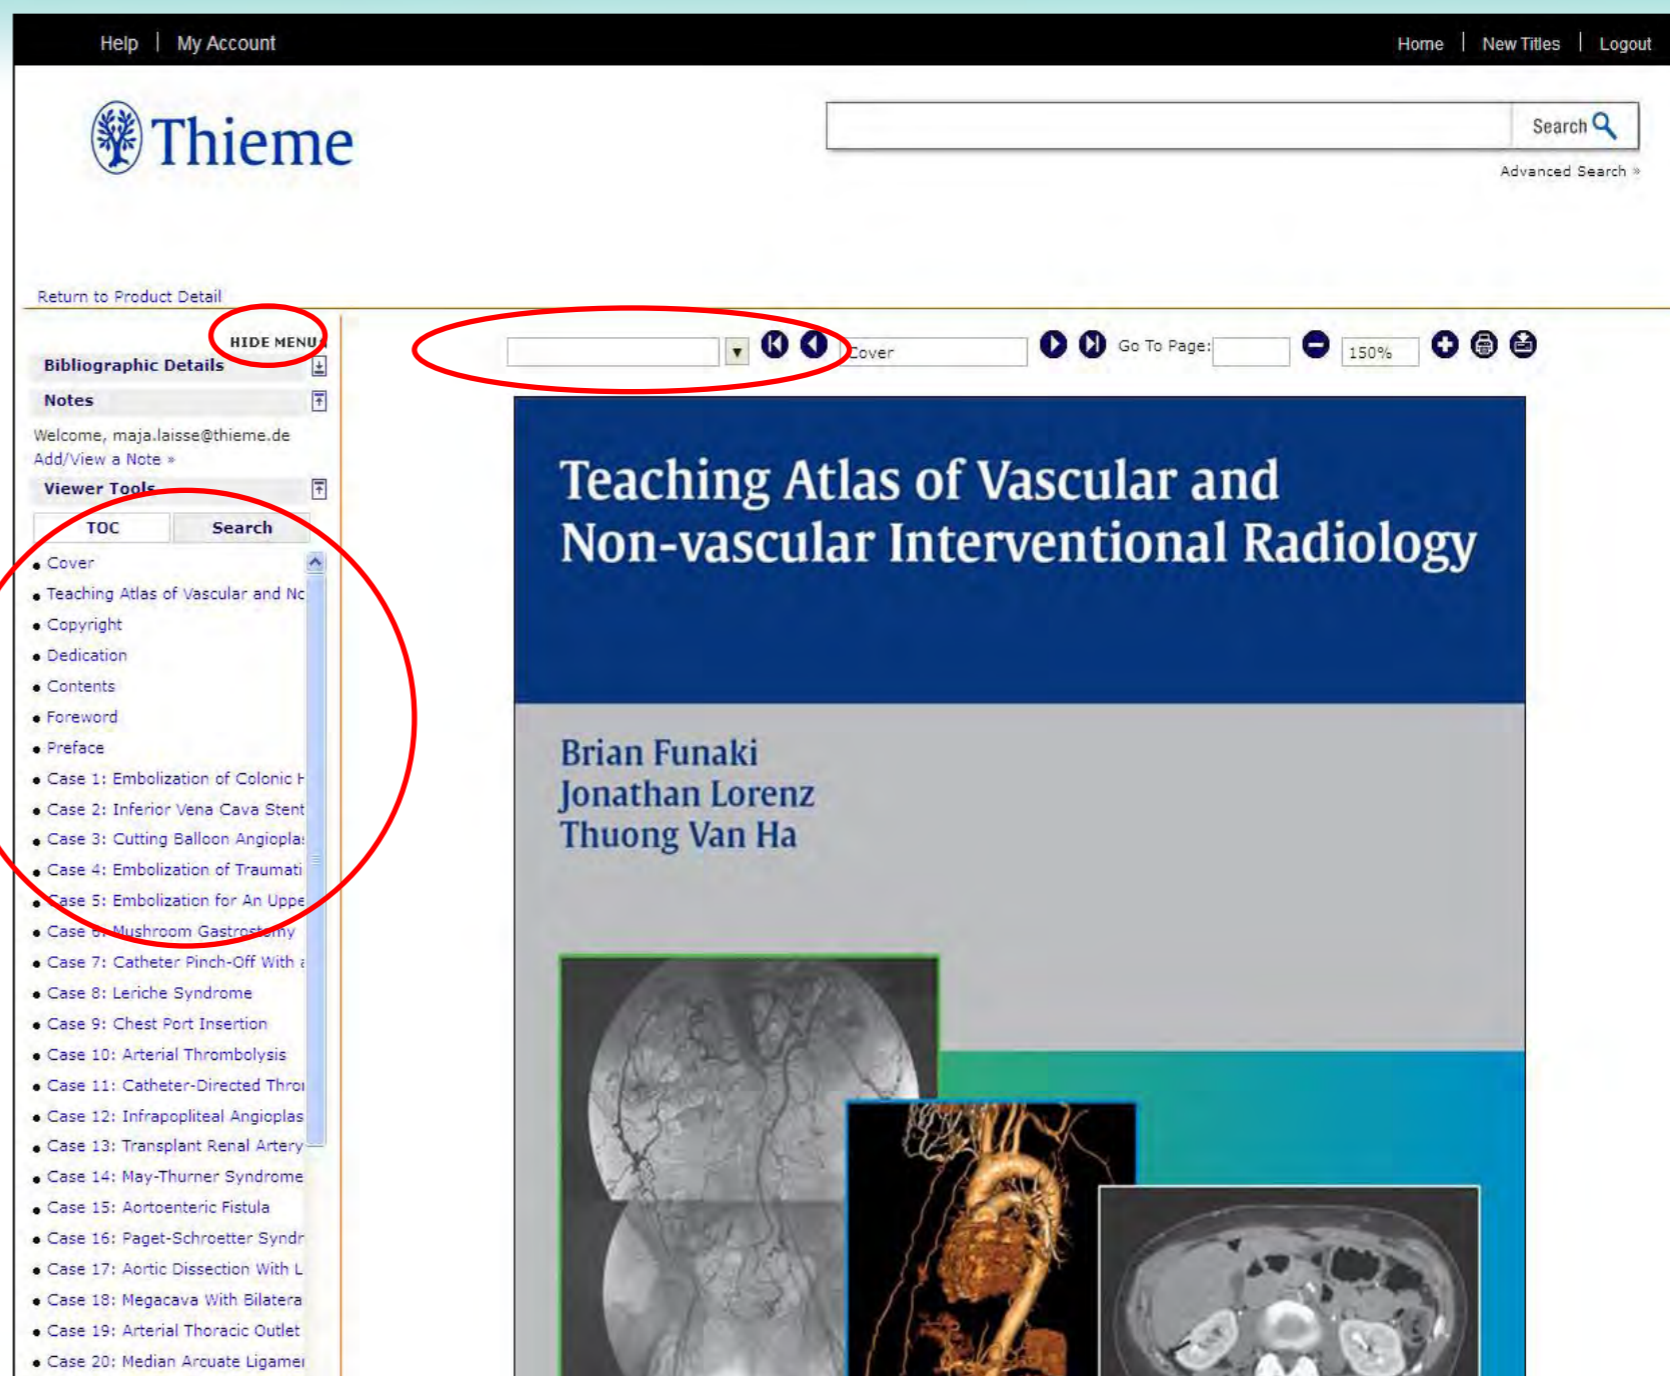

1. 瀏覽摘要：內容資訊、簡介、TOC、引用。

2. 點選“Open Now”可以閱讀電子書全文。

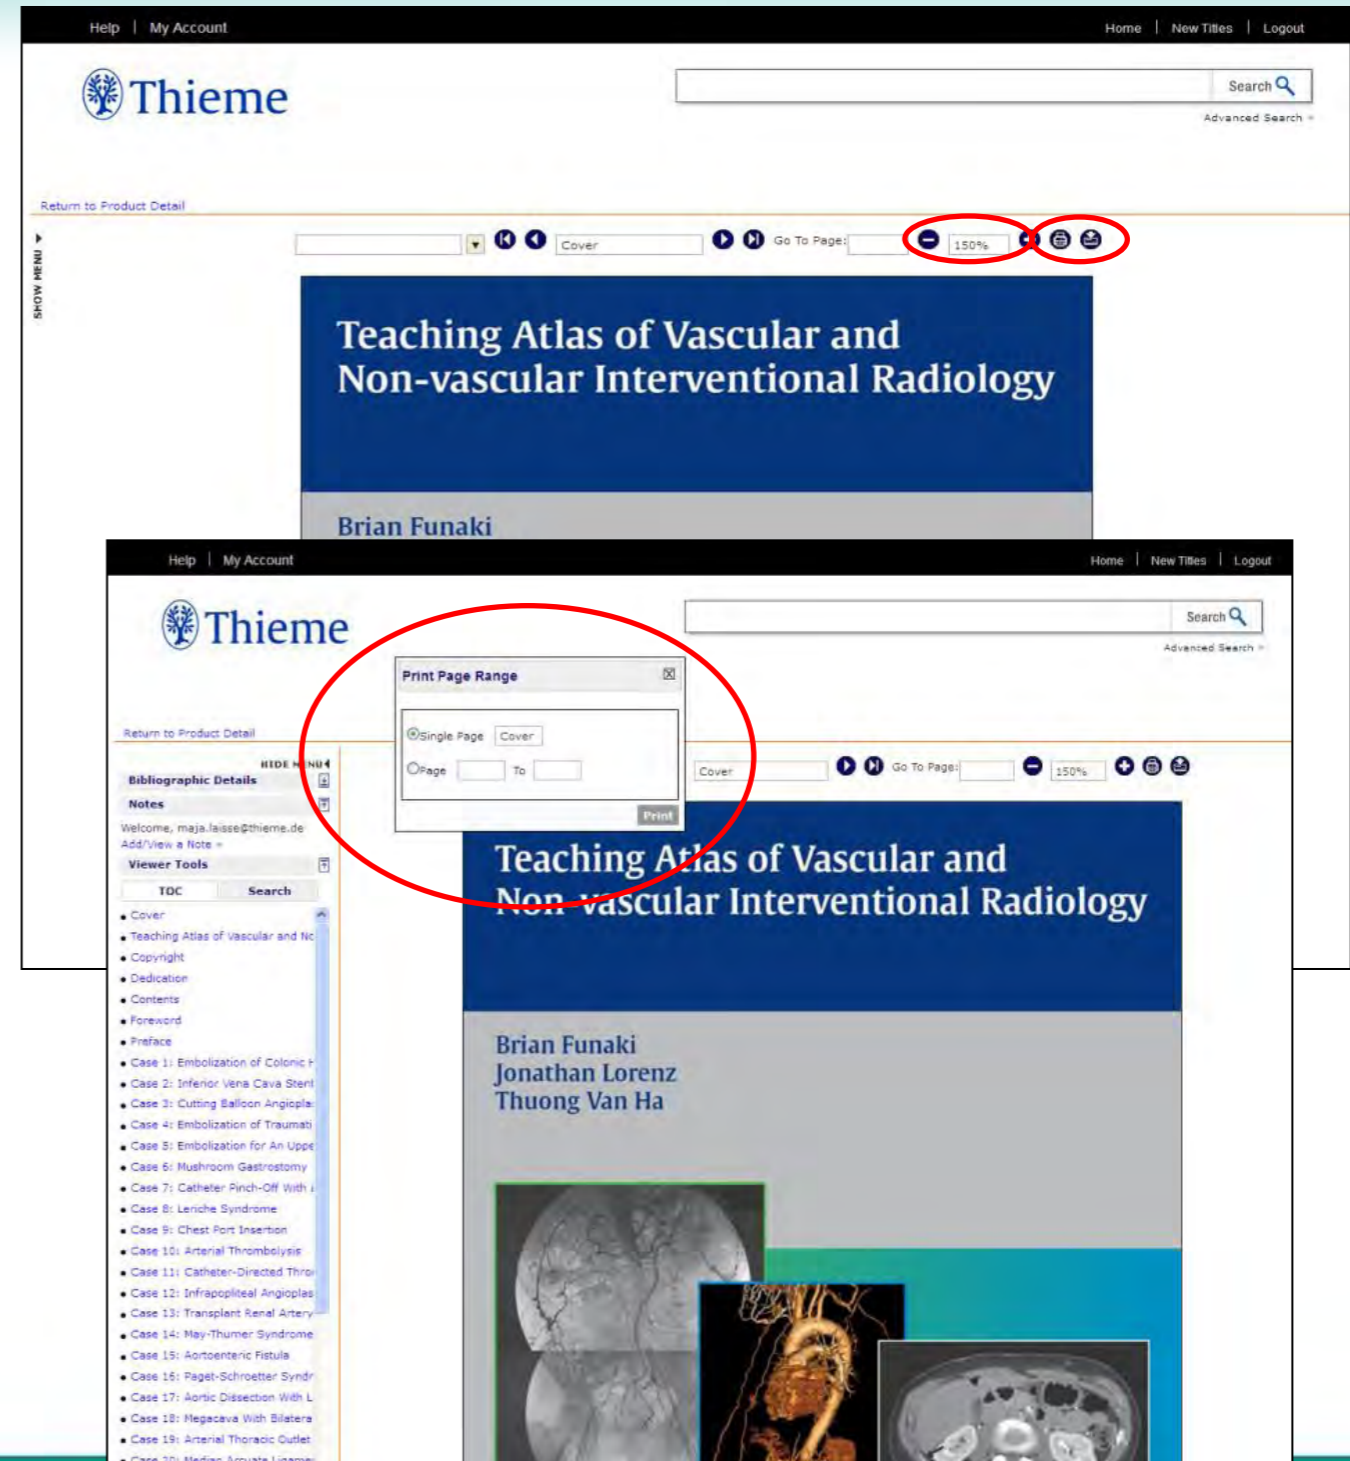

3.如何使用ebook全文

1. 可以使用左側的TOC或頂端的章節清單導覽網站。
2. 點選“Hide Menu”可以全螢幕檢視。

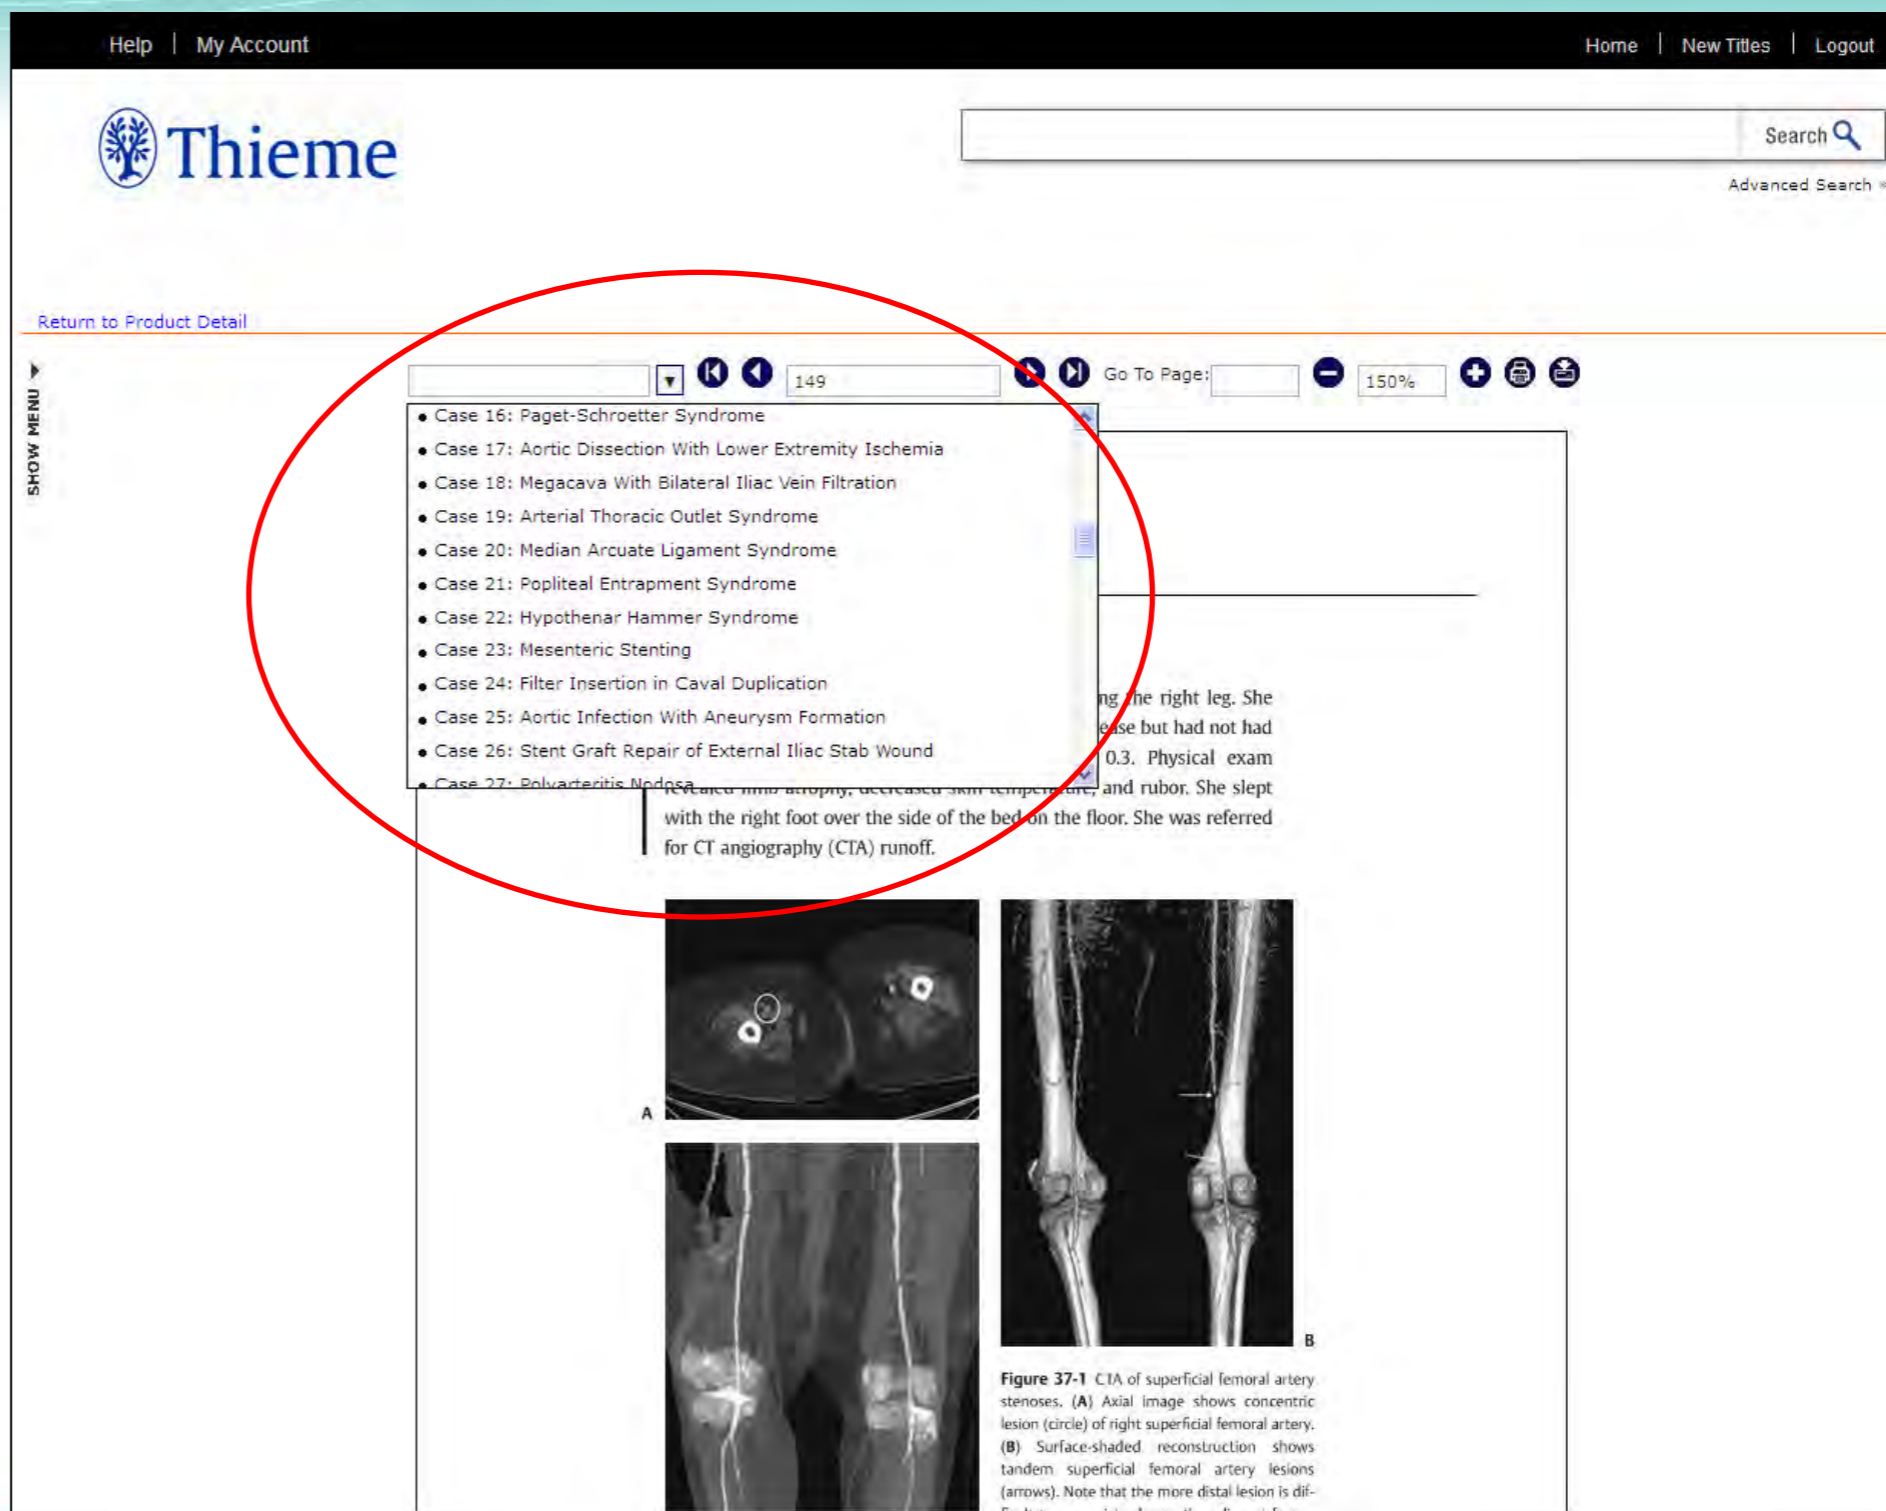

如何使用ebook全文

右上的按鈕可以放大、列印、存取圖片。

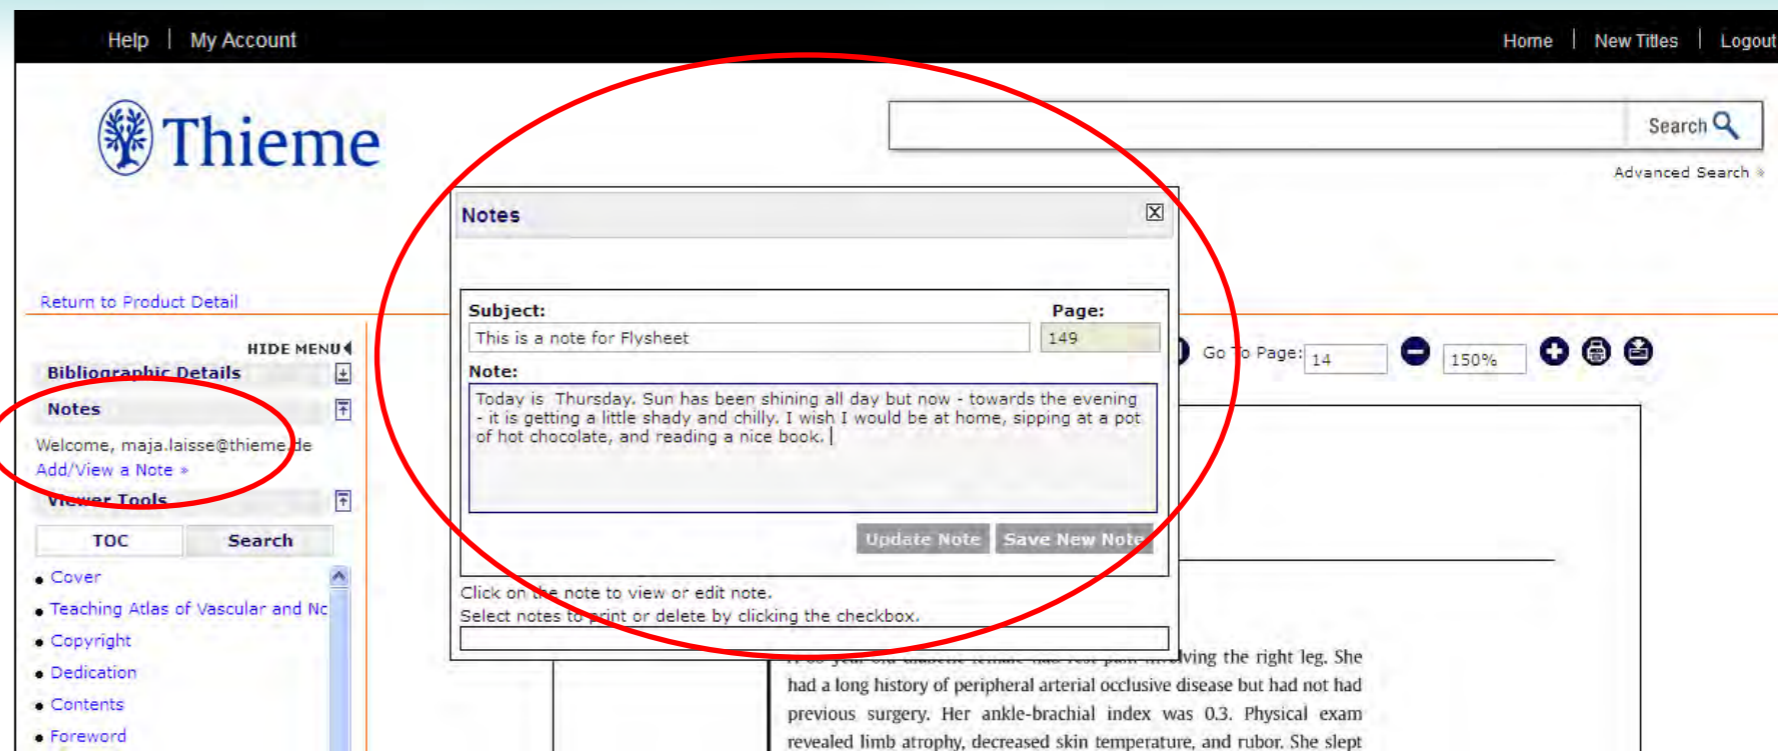

當左側menu被隱藏時，可以利用頂端的TOC進行搜尋並選擇頁數。

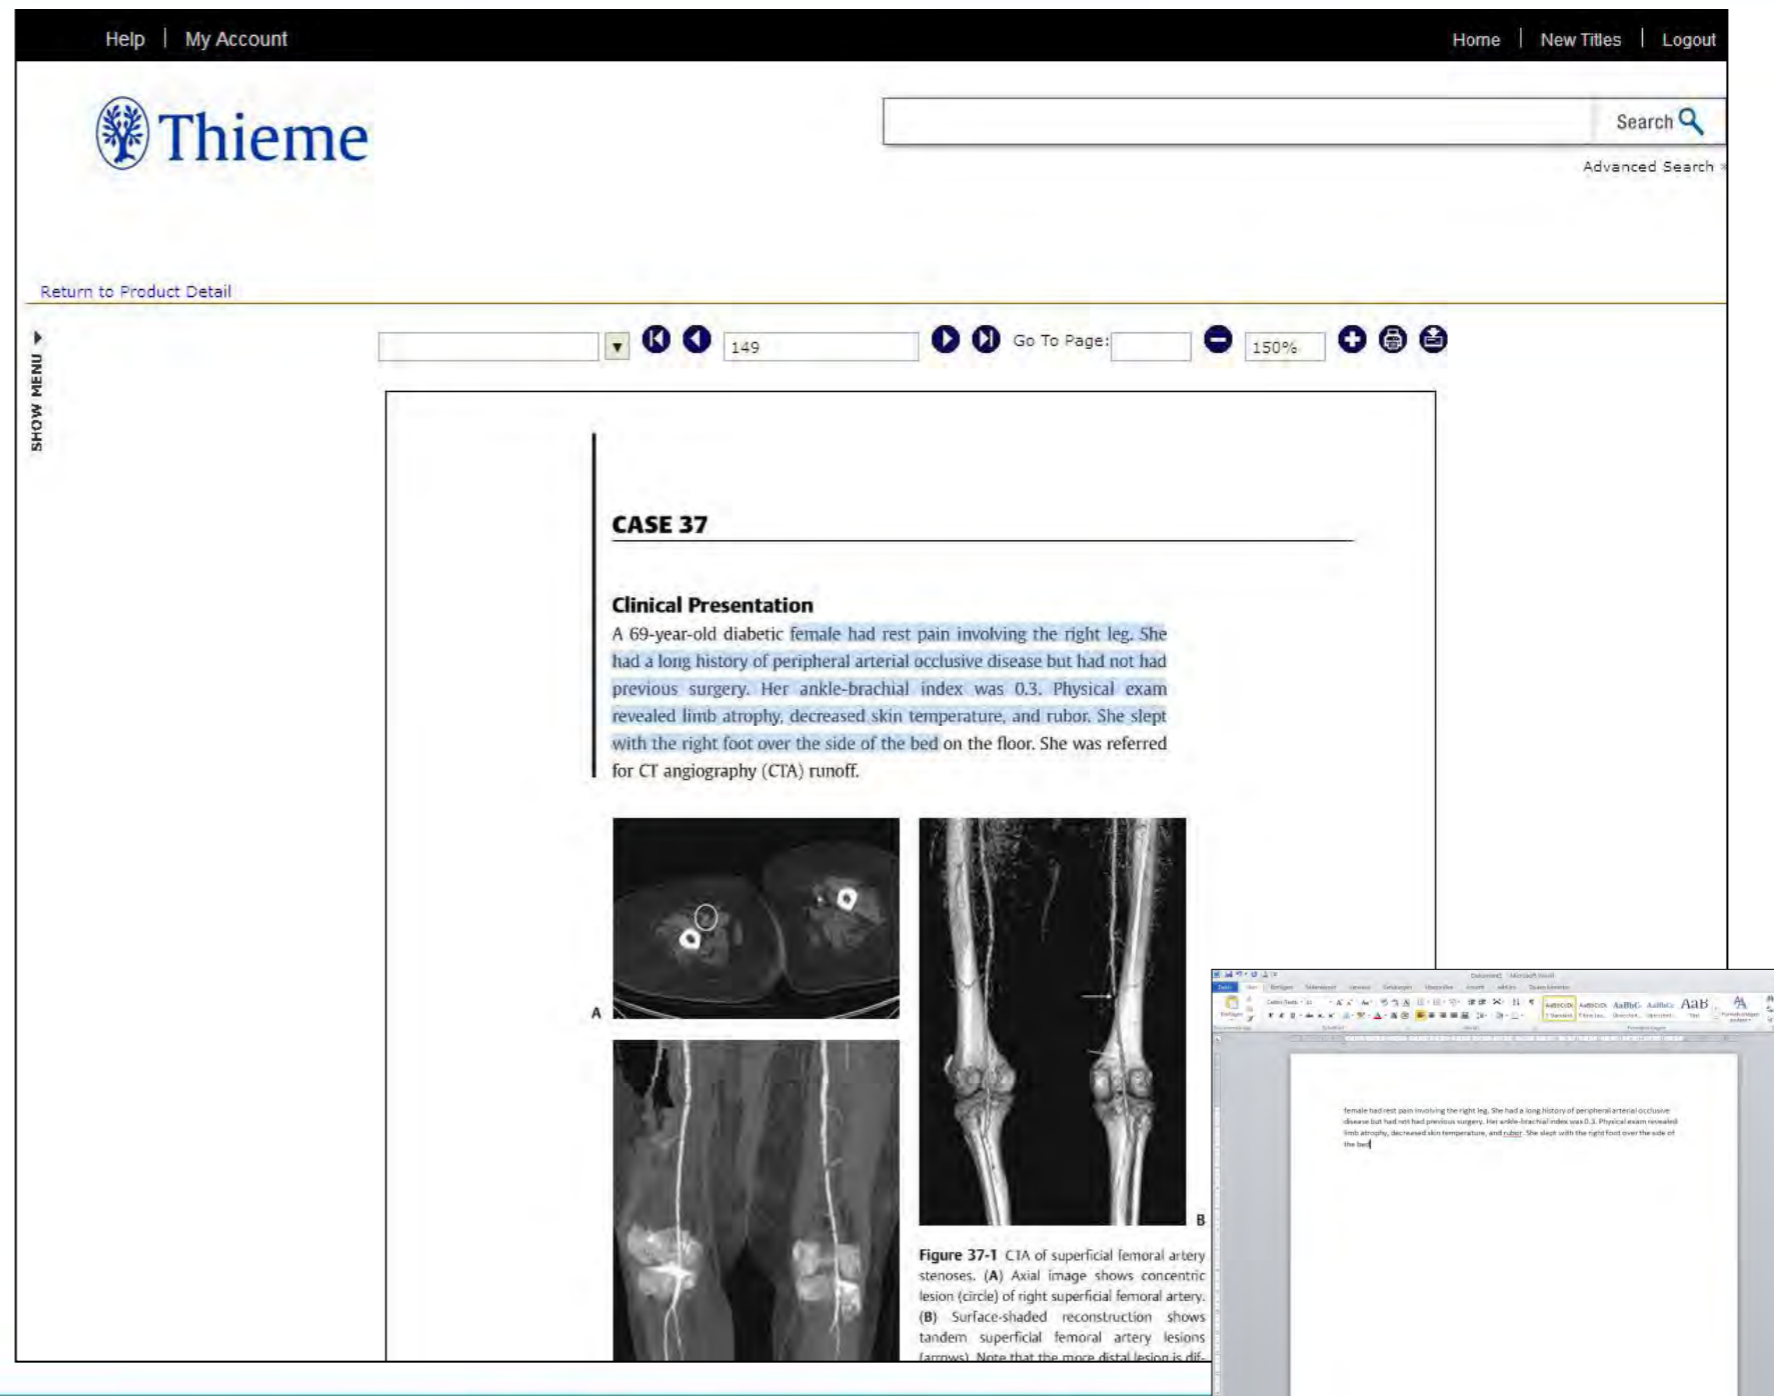

The screenshot shows the Thieme website interface. At the top, there are navigation links for 'Help | My Account', 'Home | New Titles | Logout', and a search bar. The Thieme logo is prominently displayed. Below the logo, there is a 'Return to Product Detail' link. The main content area features a 'SHOW MENU' button on the left and a table of contents (TOC) in the center. The TOC is circled in red and lists various medical cases, such as 'Case 16: Paget-Schroetter Syndrome' through 'Case 27: Polyarteritis Nodosa'. Below the TOC, there are medical images, including axial and surface-shaded reconstructions of the superficial femoral artery, labeled 'A' and 'B'. A caption below the images reads: 'Figure 37-1 CTA of superficial femoral artery stenoses. (A) Axial image shows concentric lesion (circle) of right superficial femoral artery. (B) Surface-shaded reconstruction shows tandem superficial femoral artery lesions (arrows). Note that the more distal lesion is dif-'. The interface also includes a 'Go To Page:' field with a dropdown menu showing '149' and a zoom level of '150%'.

如何使用ebook全文

可以在頁面上加入個人筆記。並在電子書中檢視筆記。

可以將內容複製到文件中。

The screenshot displays the Thieme website interface for an ebook. At the top, there are navigation links for 'Help | My Account', 'Home | New Titles | Logout', and a search bar. The main content area shows a 'CASE 37' section with a 'Clinical Presentation' paragraph. Below the text are two sets of CT angiography images labeled 'A' and 'B'. A small inset window in the bottom right corner shows the text from the 'Clinical Presentation' paragraph being copied into a document.

CASE 37

Clinical Presentation

A 69-year-old diabetic female had rest pain involving the right leg. She had a long history of peripheral arterial occlusive disease but had not had previous surgery. Her ankle-brachial index was 0.3. Physical exam revealed limb atrophy, decreased skin temperature, and rubor. She slept with the right foot over the side of the bed on the floor. She was referred for CT angiography (CTA) runoff.

Figure 37-1 CTA of superficial femoral artery stenoses. (A) Axial image shows concentric lesion (circle) of right superficial femoral artery. (B) Surface-shaded reconstruction shows tandem superficial femoral artery lesions (arrows). Note that the more distal lesion is dif-

4. 搜尋與進階搜尋功能

在電子書中進行搜尋，搜尋結果會在左側出現，搜尋詞彙會以黃色底呈現

The screenshot shows the Thieme e-book search interface. At the top, there is a search bar with the text "Vena Cava" entered. The left sidebar displays search results for "Vena Cava", with the search term highlighted in yellow. The main content area shows "CASE 37" with a "Clinical Presentation" section. Below the text, there are two CT angiography images labeled A and B. Image A shows an axial view of the right superficial femoral artery with a concentric lesion circled. Image B shows a surface-shaded reconstruction of the right superficial femoral artery with tandem lesions indicated by arrows. The caption for Figure 37-1 reads: "Figure 37-1 CTA of superficial femoral artery stenoses. (A) Axial image shows concentric lesion (circle) of right superficial femoral artery. (B) Surface-shaded reconstruction shows tandem superficial femoral artery lesions (arrows). Note that the more distal lesion is dif..."
